The geneve.art association is proud to announce the first Geneva Art Week, which will take place from 12 to 17 September 2023. More than 60 members, including museums, foundations, art centres, galleries and independent spaces, as well as partner venues, will be joining forces for one week during which Geneva will serve as the place for all those who are curious and passionate about art!

Geneva Art Week is proposing a unique offering of more than 100 free events, over 6 days, open to everyone, with free access or simple registration. This generous initiative will take you on a fascinating tour through the canton of Geneva and its three historic neighbourhood associations: Art en Vieille-Ville, Quartier des Bains and Art Carouge.

Exploring the entire history of art, from painting to sculpture, decorative arts, photography and video, as well as the primitive arts and the Far East, from the 16th century to emerging artists, Swiss designers and international talents, there are discoveries galore to be made within and without the city of Geneva!

Our wish

Through this initiative, the GENEVE.ART association aims to promote access to culture throughout the canton, especially visual art in all its forms of expression. Geneva Art Week wants to enthral art lovers and encourage the public to enter unfamiliar venues and take part in activities that are new to them. The association's committee, members and partners have come up with a range of fun and stimulating events for the public, to enjoy on their journey to discovering something new!

Your events

Geneva Art Week is an invitation to celebrate art in all its forms: private viewings, performances, guided tours, screenings, early-learning workshops, café-philo, round-table discussions, studio visits, encounters with curators and art historians, readings and book signings.

The programme includes private viewings in the Old Town on Wednesday evening, in the Quartier des Bains on Thursday and in Carouge on Friday, as well as guided tours of the canton over the weekend, which can be booked in advance.

Our favourites

Rediscover the heart of Geneva and the **Neon Parallax** installation around the Plainpalais esplanade, meet **Hannah Darabi** over breakfast at the Centre de la Photographie, chat with photographer **Mihammed Kilito** at Gowen Contemporary, push open the doors of **Chloe West**'s residency studio at Mighela Shama, talk to **Khaled Jarra** at Wilde about his practice, explore the Ariana collections on a tactile tour, attend **Nakoca Co**'s performance at Espace L, watch while youngsters discover the work of **Loie Hollowell** at Pace, celebrate the publisher Take5 at Letubooks, listen to a private concert at Fabienne Levy in honour of **Tang Shuo**, sample the cuisine of artist and food designer **Alicia Rico** at HiFlow, take in the poetry of **Carmen Campo Real**'s Infralanguage at Sonia Zannettacci, combine art and vineyards at the newly inaugurated Collection du Crest on the heights of Jussy, listen to **Alice Rivaz**'s texts at the Villa Bernasconi, walk hand-in-hand through the Musée Rath while considering **Loving** from other perspectives.
